For the prevention and cure of
BILIOUS AND MALIGNANT FEVERS
is recommended

HAHN's ANTI-BILIOUS PILLS

THIS Medicine has been attended with a degree of success highly grateful to the inventor's feelings in several parts of the West Indies and in the Southern and Middle States, &c.

The testimony of a number of persons can be adduced, who have reason to believe that a timely use of this salutary remedy has, under Providence, preserved their lives when in the most alarming circumstances.

Facts of this conclusive nature speak more in favour of a medicine than columns of pompous eulogy founded on mere assertion.

It is not indeed presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience for believing that a dose of these Pills taken once in every two weeks during the prevalence of our bilious fevers, will prove an infallible preventive; and further, that in the earlier stages of those diseases their use will very generally succeed in restoring health, and frequently in cases esteemed desperate and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by persons in every situation and of every age.

They are excellently adapted to carry off superfluous bile and prevent its morbid secretions—to restore and amend the appetite—to produce a free perspiration and thereby prevent colds which are often of fatal consequences. A dose never fails to remove a cold if taken on its first appearance: they are celebrated for removing habitual costiveness—sickness at the stomach and severe head-ache—and ought to be taken by all persons on a change of climate.

They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured and carefully preserved for use by every seaman.

The Genuine Persian Lotion,

So celebrated among the fashionable throughout Europe, is an invaluable cosmetic, perfectly innocent and safe, free from corrosive and repellent minerals, the basis of other lotions, and of unparalleled efficacy in removing blemishes of the face and skin, freckles, pimples, inflamatory redness, scurfs, tetters, ringworms, sunburns, prickly heat, &c.

100 Dollars Reward.

RAN AWAY from Peter Graham, living near Middleburg, Loudoun county, Va. on the night of the 16th of March last, a very likely Negro girl named ANN, purchased of Wm. Noland, living at Aldie, Loudoun county, whose family she was raised in. She is of a yellow complexion, round faced, thick lips, with large staring eyes, and rather delicate featured for a slave;—small feet, a tolerable ready speech, and mild with it; about 18 years of age, middle size, and very well made; rather thick, about 5 feet high from appearance. She had on when she went away a dress of coating cloth, made in a coat and jacket, with skirts of a brown snuff color. I have reason to believe she is in or near Philadelphia or New-York. I will give fifty dollars reward if taken in Fauquier, Loudoun, Prince William, or Fairfax counties, or the District of Columbia if taken in any other county or state, and secured in any jail, so that I obtain information and get her, I will give one hundred dollars, and all reasonable charges paid in either case, if brought home.

COMMUNICATION.

The representation of Timour the Tartar, aided by Mr. Pepin's company of horses, on Saturday evening, drew forth the most brilliant and fashionable audience ever collected in this theatre. We are much pleased to have it in our power to make this declaration; for while it induces a belief that the managers will continue this species of entertainment, it also affords an evidence of the disposition of our citizens to reward their very liberal exertions.

The comedy of Laugh when you can, which preceded Timour, is a proof of what an uninteresting play may be made by good acting. The part of Gossamer, for example, presents to *the reader* a rather abortive attempt at wit and humor, but in the hands of Mr. Caldwell, and ably supported, is better calculated to gain approbation from an audience than three-fourths of the first heroes in comedy. Time will not permit me to continue the comparison, although I might with propriety apply it to each individual who took a part in the play.

As we believe that one half of the audience collected for the sole purpose of seeing the spectacle, it may not be amiss to notice rather particularly the performance, and express, along with our own, the gratification of every individual who attended.

The first scene discovered a very picturesque landscape. Agib's tower displayed the ability of the painter, and the bridge in the back ground gave evidence of the skill of the constructor. The ground work of the stage was formed of a layer of tan and saw-dust, which aided the movements of the horses afterwards, as well as prevented the noise which otherwise would have proved disagreeable. This was continued throughout the piece. The procession of the horses over the bridge, and their entrance on the stage, was received by the audience with unbounded applause, and the act of Zorilda's courser kneeling was viewed as an introduction of the feats of docility in the others with which we were soon to be entertained.

The combat between Kerim and Sanballat, on horseback, displayed not only the agility and skill of the combatants, but the extreme sensibility of the animals. The interposition of Kerim's horse was very remarkable, and his apparent death from the thrusts of Sanballat's sword, very natural.

The bridal chamber, painted expressly for this occasion, was very appropriate; and the alcove and window, alluded to in the dialogue, were as elegant to behold, as the fictitious story of their meaning was interesting.

The last scene surpassed all the elegance we had ever seen in other theatres. The artist, Mr. Grain, has proved himself superior (in this species of painting, at least) to all others in America. I allude to the cataract and waterfall, and the narrow limits in which the design was executed. Had the stage been larger, (an advantage in the effect of scenery in other theatres) our gratification would have been enhanced.

During the action which followed, the conduct of those engaged would have done credit to the *army* of any theatre. The regularity of the attacks—the consistency of the entrances and exits—the vigor with which the assailants employed the battering-ram—and the success with which the breach was made in Timour's castle, had an elegant effect upon the audience: while the ease with which the horses ascended the cataract—the skill of the riders in directing them through the clash of swords and the havoc of battle-axes to the attack, with the apparently unrestrained movements of the horses themselves, produced a feeling never before excited in this theatre.

Too much praise cannot be given the managers for their exertions in bringing forward not only this but other novelties. They must have advanced considerable sums in trying the experiment, (an experiment which no others south of Philadelphia have ever ventured) and our best wishes accompany them in a course so hazardous to themselves, but instructing and truly gratifying to

THE PUBLIC.

The bodies of the two unfortunate youths, mentioned in our paper of the 3d instant, were this morning found a little east of Van Ness' wharf, and about 25 yards from the shore. The eldest, Mr Tennison's son, had been skaiting, and the grand son of J. J. Astor had accompanied him for the purpose of sliding.

STAGE HIRE.

The price of a seat in the U. States' mail coach from Philadelphia to New-York has long been 10 dollars. This season a line of opposition stages were started. The charge of a seat in those stages was fixed at 7 dollars. We now learn that the post-master general has sent orders to the United States' agent for the mail stages to lower the fare in the United States' mail coaches to 5 dollars a seat from Philadelphia to N. York.

[*Democratic Press.*

New-York, Feb. 4,

The sudden and violent storm of wind accompanied alternately with hail, rain and snow, which set in yesterday from the N. E. did not abate in its fury until nearly at midnight, when the wind chopped round to NW. and about half past 12 o'clock it cleared up, pleasant for winter. The wind blew almost a hurricane, and fears were entertained for the shipping in the bay; but we are happy to learn by the British schr Sisters, which came up this morning from Sandy Hook, that they all rode out the gale. Our accounts from vessels close on the coast, we are fearful will be less favorable. The steam ferry boat York, started from Powles Hook yesterday morning at half past 10 o'clock, having on board three waggons, each with two horses, and thirty passengers. Finding it impossible to reach the steam boat dock at the foot of Courtland street, she endeavored to run into Whitehall slip, the east side of the battery; but meeting the strong ebb tide from the east river, and the wind continually increasing, she was driven out past Castle-Williams down through the narrows, where she met the flood tide, and was enabled to make a harbor under fort Diamond, about half past 4 o'clock yesterday afternoon. Here she landed the passengers and horses, and about 2 o'clock this morning put her machinery in motion and came up to town uninjured. We ought not to omit to state, that during the most violent part of the gale, and while the steam boat was drifting between Bedlow's Island and Robbins' Reef, at the mercy of the seas, Mr. Vanderbilt's packet ferry boat Dread, went off to her assistance, and succeeded, at great risk, in taking from her 12 passengers, and landing them at Whitehall.—*Evening Post.*

February 6.

The editors of the Gazette have received from their correspondent Halifax papers to the 24th ultimo.

The inhabitants of Halifax, generally, have evinced their regret at the death of her royal highness the Princess Charlotte Augusta, by appearing in mourning.—The royal standard at Fort George and the colors of the vessels in the harbor were, on Sunday, displayed half-mast high. The public places of worship were hung with black, and discourses suited to the sad event addressed to the congregations.

The Halifax Chronicle of the 16th of January contains the names of those who subscribed in this city for the relief of the sufferers by the late fires at St. Johns, N. F. The sum is carried forward, and formed up thus: 5,612 dollars and 49 cents; besides provisions, clothing, &c. amounting to 4,723 dollars, and drafts for 870 dollars, to purchase such articles as the place afforded—making a grand total of 11,205 dollars and 49 cents.

The sum of 387*l* had been collected at St. Johns for the relief of the sufferers by the late fire.

BLOODY BATTLE.

In yesterday's Gazette we promised the following particulars, which we find in a Jamaica paper of the 14th ultimo, copied from a Curracoa paper of the 27th of December.

The official despatch of colonel La Torre is dated Calvario, 8th December, and contains the following in substance:

That on the 2d December he attacked the Independent army, posted on a height in the Hato of Hogaza, to the number of 1500 men, with 2 pieces of artillery; his army (composed but of 800 cavalry and 900 infantry) advancing with undaunted courage, amidst the cries of "long live the king." His cavalry, under Arrogones, being attacked by that of the enemy's left, he ordered this officer to charge them, which he executed in such a gallant manner as immediately to repulse and disperse them at a great distance in the rear of their line. Col. Juez was then assailed by the enemy's cavalry of the right, reinforced by the squadrons of reserve, but he routed them also; that this event, added to the gallantry with which the infantry charged with the bayonet, threw the enemy into such complete disorder, that they took to flight, leaving every thing behind them. Pursued by the infantry, and having their retreat cut off by major Aragones, not one of their infantry escaped, having all perished or been taken prisoners; their cavalry met very nearly a similar fate.

The loss of the Independents is stated at 1200 slain, 2 brass three pounders, 1200 muskets, 4 colors, 18 drums, 50,000 musket cartriges, 1 load flints, a printing machine, all their equipages. The loss of the Royalists amounted to only 11 killed, 82 slightly, and 15 severely wounded.

Among the wounded is colonel La Torre himself, in the thigh by a musket shot, which he received in charging at the head of the infantry; also colonel D. Pedro Gonzales Villa, the adjutant of the second battalion of Navarra, Don Jose Narvaez, lieutenants Louis de Madrid, Sancho Pardo, Domingo Augustin, Ventura Salgado, Pedro Fernandez, Angel Lono, the captain of grenadiers, Don Juan de Luno, and Don Juan Francisco Gimenes, wounded by a cannon shot.

That in consequence of a conflagration in the bushes, a great number of the wounded were consumed, and among them some of the Royalists, whom it was impossible to rescue from the flames. By this accident the bodies were so disfigured, that it was absolutely impossible to ascertain by their features the Independent chiefs who had perished; some of the prisoners, however, knew that among the number were colonel Marnacz, a staff officer, the commander of artillery, lieut. col. Montes, lieut. col. Valderramas, (an Englishman) commandant of the battalion Restnapor, and Lecuma, commandant of another battalion. The fire consumed also a large quantity of arms, ammunition, the printing machines, and some other articles, the remnant of which were to be transported to Calobozo. The despatch, which is long and tedious, closes by recommending the officers and men who distinguished themselves in the battle, which is said to have equalled those of Marengo! Austerlitz! and Jena!

FROM AMELIA ISLAND.

We have accounts to Tuesday evening last, at which time affairs remained in *statu quo*. The American land and naval forces were still at Amelia. Aury and his followers had not left the island; and it is believed he will remain there until he hears of the final decision of congress relative to keeping possession of Amelia, which he expects will be given up to him. Immediately on surrendering to the American authorities, Aury sent his secretary to Washington City with despatches, remonstrating in high terms against the proceedings of the president, and stating certain claims which he has to the island of Amelia, &c.—Three vessels under the American flag were at St. Mary's repairing, in order to be ready to take the commodore and his heroes away should they be obliged to go.

Milledgeville, Jan. 26.

LATE AND IMPORTANT.

Copy of a letter from major gen. Gaines to the governor of this state, received last night by express,

H. Quarters, Hartford, Ga.
January 23, 1818.

SIR,—By a letter just now received from brigadier general Glascock, I am informed that a party of Indians, concealed in the swamp of Cedar Creek, 7 miles east of Flint River, yesterday morning fired upon and killed Mr. Thos Leigh, assistant waggon master, and Samuel Lofters, of captain Avera's company of Georgia militia. The waggon master had been sent out with a small party of men and a drove of pack horses, laden with provisions; which, by a prompt and judicious arrangement on the part of major Heard, were secured, with the residue of the party and horses. General Glascock immediately ordered out a detachment under major Morgan in pursuit of the Indians.

By a letter from Colonel Arbuckle of the 16th instant, I learn that the Indians were to assemble near the mouth of the Flint on the 21st for the purpose of concerting measures for the destruction of the inhabitants on the Chatahoochie, and the reduction of Fort Scott.—The latter they have calculated upon starving out. Fort Gaines, it was apprehended would be attacked.—One of the inhabitants, (Mr. Weaver) had been killed near the Fort; a house had been burnt, and some other property destroyed.

The detachment and vessels under Major Muhlenburg with military stores, arrived at Fort Scott without any material loss, other than that mentioned in my last, although incessantly annoyed by a very large force from each shore, from the 15th to the 25th of December. A supply of provisions ordered in November last, had not reached the Apalachicola at the date of Col. Arbuckle's letter, (the 18th inst.) The troops were then without meat, but had engaged nearly one month's supply upon the Chatahookie part of which left Fort Gaines under a strong guard on the 16th. The supply of flour at Fort Scott, is sufficient allowing full rations of that article for the troops there until the middle of next month; and the arrival of sixty thousand rations from New-Orleans is daily expected—and even should this supply fail, I have not a doubt of having a competent supply from the Flint and Chatahoochie, in time to prevent the troops from suffering.

I have been thus particular in communicating to you the state of our supplies, as well as the movements of the enemy, from an impression, that a knowledge of these subjects would be acceptable to you, and beneficial to the state over which you preside—as well as from a wish to draw from you, a free communication of your views and wishes, upon whatever relates to the public service, connected with my command.

I have seen in the newspapers, with equal surprise and indignation, the attempts that have been made to lull the public mind into a belief that the hostile Indians desire peace, and are willing to lay down their arms! Sir, there will be no peace until those Indians are severely chastised.

The Chiefs were required to surrender the offenders! It was deliberately resolved in a large council of the Seminoles and "Red Sticks," at Mickasukee, that the offenders should neither be punished nor surrendered.

Some of their Chiefs have triumphantly asserted, that we cannot beat them, that we never have beaten them, except when we had "Red people to help us." It is not extraordinary they should entertain these opinions—they know little or nothing of the strength or resources of our country—and what ever information they have derived from their white friends (British officers and traders) could have no tendency to give them favorable impressions towards us. They must be beaten before we can reasonably calculate upon peace.

It is well known that seven of our citizens were killed by those Indians in the two years immediately succeeding the late war with England. Their Chiefs admitted this, and that among the number was a woman and two children (Mrs. Garret of this state.)

The principal Chief, Chapichimico, in notifying the Warriors of the resolution of the Chiefs in Council, added that, "the day never should come when he would give up, or punish a red man for killing a white man." Those facts have been communicated to me by Indians, and through interpreters, who I believe to be men of truth—nor have I doubt but these facts were well known to those philanthrophic writers of peace, who have had the sagacity to discover, that hostilities were commenced by the troops under my command, on the 20th of November last—and that we are the aggressors.

It is not an act of war according to this doctrine, to massacre and scalp seven unoffending persons, and among them a women and her infants! What number then, I would ask, the massacre of which would constitute an act of war? Sir, my own humble impressions upon this subject are, that the wanton massacre of an infant not yet able to lisp the enviable declaration of "*I am an American Citizen,*" should be as promptly revenged, as if fifty or fifty thousand citizens had been thus massacred. When reparation is refused by the Nation (whether Red or White, civilized or savage) to whom the offenders belong—the nation itself becomes accountable, and should be chastized for the outrage.

I have little confidence in the expectation of obtaining any considerable aid from the friendly Indians—even should they join me, the loss of their Chiefs may induce them to follow the example of the warriors under Perryman, and go over to the enemy—and I owe it to myself and to the public service to apprise you of the existence of a spirit of opposition tending to counteract my efforts, having recently manifested itself in what is deemed to be the friendly part of the Creek Nation; originating as I have reason to believe, with some evil disposed white persons, actually engaged in smuggling negroes into the United States from East Florida. A considerable number, as I am credibly informed and believe, have been taken to the immediate vicinity of the Creek Agency. It rests with the Agent to detect or explain this apparent violation of law. The movement of the troops and the active and general hostility of the Indians near the Florida line, will have a strong tendency to render this abominable traffic difficult and perilous—hence, I expect to be honored with the ill will of every one engaged in it.

I have the honor to be, very respectfully, your obedient servant,

EDMUND P. GAINES,
Major Gen'l Com'g

His Excellency WILLIAM RABUN.

From the Winchester Gazette, Feb. 7.

BANK APPOINTMENTS.

The following appointments have been made by the directors of the office of discount and deposit, of the Bank of the Valley at Charleston:—

Thomas Griggs, Esq of Charlestown, President; James Stephenson, Esq. of Martinsburg, Cashier; Cato Moore, Esq. of Shepherdstown, Teller.

In making these appointments, the directors have evinced a liberality highly honorable to themselves. Martinsburg, Shepherdstown and Charlestown, it will be recollected, were rivals in the contest for locating a branch of the Valley Bank. The preference was given to the latter place, and the directors, in a spirit of conciliation, have made choice of a gentleman from each of the places to fill the offices for the internal management of the bank.—This is as it should be.

THIRD INSTALMENT.

It has been suggested to us, that if the stockholders of the Valley Bank should defer the payment of the third instalment, beyond the first of March, that, in all probability, specie will be demanded of them. The instalment becomes due on the 1st March, but the stockholders, nevertheless, have all the month to pay it in: if therefore they avail themselves of this privilege, it will subject the Directors to great inconvenience to procure the specie (which is rendered indispensable by the law) in time to enable them to commence their operations in the month of April. We would therefore, as a measure of convenience, recommend it to stockholders to make their payments promptly by the first of March, in which case we can venture to pledge ourselves that the paper of any of the district, Baltimore or Virginia banks, will, as heretofore be received; but if deferred to a later day, we have had some unofficial intimations, that the directors will, from necessity, be obliged to require specie. The individual interests of stockholders, as well as the interest of the institution, would be promoted by the adoption of the course we recommend.

Anecdote of the late Honorable Henry Erskine.—During a theatrical representation at Edinburgh, a presuming young coxcomb chose to render himself conspicuous by standing up in the midst of the pit all through the progress of the first act of the play; his neighbors were at first too polite to insist on his conforming to the usual regulations, and merely represented to him the inconvenience those behind him must suffer, to which he paid no manner of attention; the audience at last began to testify their displeasure, and the cry of "*turn him out,*" became universal, and a riot would most probably have ensued, from the indignation of one party, and the tenaciousness of the other, had it not been for Mr. E. who laying a wager with a gentleman near him, that he would accomplish the matter by a single sentence, stood up and addressing himself to the persons who were about forcing compliance on the obstinate youth, exclaimed, "leave him alone, *gentlemen, it is only a Tailor resting himself;*" a roar of laughter followed the exclamation; the efficacy of which was immediately testified, by the disappointed object of it, whose only motive was a desire to impress those around him with a high idea of his fashion and gentility.

A MAGNIFICENT PROCESSION of the Tartars over the Bridge on HORSEBACK, conducting ZORILDA, who is *mounted on a Courser* richly caparisoned; the courser KNEELS and Zorilda dismounts.

Scene 3. A SPIRITED TOURNAMENT. Timour and Zorilda enter and seat themselves on thrones to witness the *Combat of Kerim & Sanballat,* who at that moment enter the LISTS on HORSEBACK. Kerim's Horse takes part in the combat, and drags Sanballat to the ground. Kerim dismounts and proposes to renew the combat on foot—the horses are led away and the fight begins. During this scene, the Georgians and Mingrelians engage the Tartars on horse and foot. Timour himself ON HORSEBACK appears and encourages his troops—he becomes personally engaged, and is dismounted—he is pursued and not having time to enter a PORTCULLIS leading to the interior of his castle, he climbs the battlements, and reaches in safety the TURRET'S TOP—he brings forth Zorilda and threatens to destroy her unless Agib, who has escaped to the Georgians, is restored to him—she breaks from him and runs to the bridge, from which she leaps into the water—Agib on horseback rushes after her.—The Georgians with a BATTERING-RAM make a breach in Timour's castle—ALL THE HORSES ENTER.—At the conclusion of the General Engagement, Agib having recovered *his mother, returns with her on horseback.* TIMOUR IS OVERTHROWN, but Zorilda spares his life at the intercession of Agib and Oglou.

THE Small Pox having recently appeared in Leesburgh and Fredericktown, the citizens of Alexandria are respectfully solicited to send such pauper children as they may be acquainted with to the house of the subscriber. He believes that there are few of that class, either white or black, who have not already been secured against its contagion; but would be happy at this time to ascertain the fact distinctly by examining their arms. Any public notice addressed to the individuals concerned would be nugatory, as most of them are unable to read, and it is on that account that he solicits the aid of the citizens to whom the newspapers are accessible.

Valuable Land for Sale.

THE subscriber wishes to sell two valuable Tracts of Land—one situated in the upper part of Fairfax county, adjoining the lands of Samuel G. Griffith, and bounded north by the Potomac river, containing 700 acres, about one half in wood; of the cleared land a considerable proportion is first river bottom, equal in fertility to any in Virginia: the upland is well situated for farming and of a good quality. There is also a mill seat on the Tract of considerable value. This farm is worth the attention of any person wishing to engage in the farming business, as it certainly is not exceeded by any in the county (perhaps state) as a farm of profit, and may be had on reasonable terms. Mr. John Bicksler, who resides near the land, will shew it, and Mr. Wm. M'Carty of Loudoun county, or Mr. John W. Bronaugh of Georgetown, D. C. will make known the terms. If this Tract is not disposed of before the *2nd of MARCH*, it will then be exposed to PUBLIC SALE, at Wiley's Tavern, on the road leading from Alexandria to Leesburg.

The other Tract contains 1000 acres, and is the upper and most valuable part of the Tract I live on. It is situated ten miles below Alexandria, and bounded N. by Accotink creek. This Tract will be divided to suit purchasers, if found necessary. Persons wishing to purchase will apply to the subscriber living at Cedar Grove, who will shew the land and make known the terms.

James Kennedy & Son,

RESPECTFULLY inform the public that they have just received from *LEE's MEDICINE STORE,* No. 46, Maiden lane, New-York, a fresh supply of the following valuable MEDICINES:

Hamilton's Worm-destroying Lozenges,

Which have within sixteen years past cured an immense number of persons of both sexes of every age and in every situation, of various dangerous complaints arising from WORMS, and from obstructions or foulness in the stomach and bowels.

This medicine bears no analogy whatever to others of similar titles so commonly complained of as operating with violence; on the contrary a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent & is so mild in its operation that it cannot injure the most delicate pregnant lady or the tenderest infant of a week old should no worms exist in the body; but will without pain or griping cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders. The lozenges are particularly efficacious in carrying off all gross humours and eruptions, feverish and bilious complaints, and are the safest and mildest purgative that can be used on any occasion.

Description of Worms, and the symptoms by which they are known.

Worms which infest the human body are chiefly of four kinds viz.—The Teres or large round worm; the Ascarides or small maw-worm; the Cucurbitine or short flat white worm; and lastly, the Tænia or tape-worm, so called from its resemblance to tape. This is often many yards long and is full of joints. It is most hurtful and most difficult to remove.

Among the symptoms attending worms are—disagreeable breath, especially in the morning; bad and corrupted gums; itching in the nose, and about the seat; convulsions, epileptic fits, and sometimes privation of speech; starting and grinding of the teeth in sleep; irregular appetite, sometimes loathing food and sometimes voracious; purging with slimy and fœtid stools; vomiting; large and hard belly; pains and sickness at the stomach; pains in the head and thighs and lowness of spirits; slow fever with small and irregular pulse; a dry cough; excessive thirst; sometimes pale and unhealthy countenance, and sometimes the face bloated and flushed.

Persons afflicted with any of the above symptoms should have immediate recourse to Hamilton's Worm Destroying Lozenges, which have been constantly attended with success in all complaints similar to those above described.

A dose of this medicine given occasionally during the warm season, will effectually prevent "the vomiting and purging of children"—a dreadful disorder, which annually destroys thousands of the infant part of our citizens. It is likewise the mildest and most certain remedy known, and has restored to health and strength a great number when in an advanced stage of this fatal complaint. Particular and plain instructions are given for every part of the necessary treatment in such cases.

Children generally take this medicine with eagerness; having a pleasing appearance, and an agreeable taste.

The Restorative Powder for the Teeth and Gums.

For the prevention and cure of BILIOUS AND MALIGNANT FEVERS is recommended

HAHN's ANTI-BILIOUS PILLS

THIS Medicine has been attended with a degree of success highly gratifying to the inventor's feelings in several parts of the West Indies and in the Southern and Middle States, &c.

The testimony of a number of persons can be adduced, who have reason to believe that a timely use of this salutary remedy has, under Providence, preserved their lives when in the most alarming circumstances.

Facts of this conclusive nature speak more in favour of a medicine than columns of pompous eulogy founded on mere assertion.

It is not indeed presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience for believing that a dose of these Pills taken once in every two weeks during the prevalence of our bilious fevers, will prove an infallible preventive; and further, that in the earlier stages of those diseases their use will very generally succeed in restoring health, and frequently in cases esteemed desperate and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by persons in every situation and of every age.

They are excellently adapted to carry off superfluous bile and prevent its morbid secretions—to restore and amend the appetite—to produce a free perspiration and thereby prevent colds which are often of fatal consequences. A dose never fails to remove a cold if taken on its first appearance: they are celebrated for removing habitual costiveness—sickness at the stomach and severe head-ache—and ought to be taken by all persons on a change of climate.

They have been found remarkably efficatious in preventing and curing disorders attendant on long voyages, and should be procured and carefully preserved for use by every seaman.

Hamilton's Elixir,

A sovereign remedy for colds, obstinate coughs, asthmas, sore throats, catarrhs, and approaching consumptions.—To parents who have children afflicted with the *HOOPING COUGH*, this discovery is of the first magnitude, as it affords immediate relief, checks the progress, and in a short time entirely removes the most cruel disorders to which children are liable. The Elixir is perfectly agreeable, and the dose so small that no difficulty arises in taking it.

Hamilton's Grand Restorative,

Is recommended as an invaluable medicine for the speedy relief and permanent cure of

Nervous Disorders	Violent cramps in the stomach and back
Consumptions	
Lowness of spirits	
Loss of appetite	Indigestion
Impurity of b'ood	Melancholy
Hysteric affection	Gout in the stomach
Inward weaknesses and debility	Pains in the limbs
	Relaxations, etc.

Hamilton's Essence and Extract of Mustard.

A safe and effectual remedy for acute and chronic rheumatism, gout, rheumatic gout, palsy, lumbago, numbness, white swellings, chilblains, sprains, bruises, pain in the face and neck, etc. etc.

Lee's Ointment for the Itch.

Warranted an infallible remedy at one application, may be used with perfect safety by pregnant women, or on infants a week old, not containing a particle of mercury or any dangerous ingredient whatever, and not accompanied with that tormenting smart which attends the application of other remedies.

Hahn's true & genuine German Corn Plaister.

An infallible remedy for corns, speedily removing them root and branch, without giving any pain.

The Genuine Persian Lotion,

So celebrated among the fashionable throughout Europe, is an invaluable cosmetic, perfectly innocent and safe, free from corrosive and repellent minerals, the basis of other lotions, and of unparalleled efficacy in removing blemishes of the face and skin, freckles, pimples, inflamatory redness, scurfs, tetters, ringworms, sunburns, prickly heat, &c.

Hahn's genuine Eye Water,

A sovereign remedy for all diseases of the eyes, whether the effect of natural weakness or of accident.

Tooth Ache Drops.
